

AIA withdraws zoning text – just as QCC and others [advocated](#).

Our friends at [Historic Districts Council](#) shared this letter.

19 February 2008

Hon. Amanda M. Burden, Chair
City Planning Commission
22 Reade Street
New York, New York 10007-1216

re: AIA New York Zoning Text Amendments

Dear Chair Burden,

The New York Chapter of the American Institute of Architects, representing 4,200 architect and professional affiliate members, along with the Zoning Task Force it helped to convene, hereby withdraw from formal consideration the seven Zoning Text Amendments that were scheduled to be considered by the City Planning Commission later this month. We do so at the specific suggestion of City Planning Department staff, to allow for more time for public discussion of the portions of the Zoning Resolution which limit the ability of architects to create good design.

The aspiration of the American Institute of Architects, New York Chapter and the other organizations and associations who participated in the development of the proposed Zoning Text Amendments was an improved cityscape, a goal that has been a driving force for your efforts at City Planning. We regret that these suggestions will not come to public hearing at the Commission or at City Council, but strongly urge that efforts go forward to identify and correct inconsistencies and deficiencies in the Zoning Resolution.

We pledge to continue our efforts to create livable and sustainable communities through process change along with revisions to the Building Code and Zoning Resolution.

Sincerely,
Joan Blumenfeld, FAIA, IIDA
2007 President, AIA New York

James McCullar, FAIA
2008 President, AIA New York
