

Bowne House deserves to be saved and without these funds, it may finally fall down. Queens organizations should stand up for Bowne. We only wish we shared this message sooner in the process.

Help Save Bowne House from City Clawback!

Please don't let the city turn its back on America's most cherished symbol of Religious Freedom and the 2nd oldest house in NYC's collection!

After promising a much-needed \$604,000 to the [Bowne House](#) (circa 1661) restoration project, the city is now trying to cut this commitment right out of its budget. Meanwhile, the Bowne House roof is being protected by nothing but a tarp!

It is essential that the city immediately restore to its budget the \$604,000 promised to the Bowne House restoration project.

The city council will be voting on this budget within a matter of days - so we must act fast! Please let the city know you care about NYC's historic sites and structures!

All you have to do to help - is click on this link & cut & paste & send the message to Mayor Michael R. Bloomberg today - letting him know that you want the city to immediately restore to its budget the money it promised to the [Bowne House](#) restoration project.

Thanks for your help and for supporting historic [Bowne House](#) (circa 1661)!

And please be sure to share this email with all your friends & colleagues!
