## Queens Civic Congress 2009 Candidates Survey

### Land Use/ Zoning

Will you support retaining zoning regulations that subject development of big box stores to public land review in most NYC neighborhoods? Yes  No

Will you support legislation enabling the city to force violators to comply with Zoning Resolution and Building Code violations? Yes  No

Will you support legislation authorizing City Council review of BSA decisions? Yes  No

How do you envision the role of community boards in planning for neighborhood growth, budgeting and quality of life issues. I envision a collaborative, diverse, multi-sector partnership of community board leaders collaborating with leading community based organizations to pursue a sustained state-of-the-art, community-wide visioning initiative that focuses on establishing goals to guide where and how our community will grow in the coming decades. This can be done by maintaining a focus on implementation and action; working from community values; placing a premium on transparency, accountability and inclusiveness; recognizing the interconnectedness of issues, including the roles of race and class; reaching beyond the usual participants and ensure constructive meetings; recognizing and respect local, state and federal roles and decisions and embracing all sectors of our community stakeholders as partners.

### Building and Code Enforcement

Will you sponsor legislation-called for by the Queens Civic Congress—to give the city authority to issue summons by DOB, FDNY and HPD to property owners who refuse access to their properties where a complaint of an illegal use exists. Yes  No

Would you rescind the Department of Building's Rules 105-03 and 105-04 which limit challenges by the public to new construction for a period of 45 days after the issuance of work permits? Yes  No

### Water Rates

Will you sponsor legislation to abolish the NYC Water Board whose only function seems to be to raise revenue for whichever Mayor happens to occupy City Hall? Yes  No

In view of the exponentially rising property taxes and water use charges, will you support returning the cost of water supply and treatment facilities capital expenses to New York City's capital budget? Yes  No

New Yorkers are fed up with so called enforcement of quality of life violations. Will you support legislation to authorize traffic and other enforcement agents issue summonses for dumping, littering and similar offenses? Yes  No

### Parks/ Concessions

Will you support calls by park advocates for changes in the rules for major concessions that will require public review of changes in the use, design and configuration of parks, playgrounds and major features therein? Yes  No

Will you support tightening rules for major concessions? Yes  No

### Discretionary Funding

How will you decide which groups to support with City Council member funds? I intend to work with community leaders to set up a "Funding Panel" that will review applications. Once reviewed selections shall be made on a priority basis that is set up from my monthly community forums. This will assure a fair division and distribution of funds throughout the district

How will you respond to situations where a group seeking funding employs a person who is your relative or is a relative of a staff member? No such funding will be granted. To make this public knowledge I will as part of my commitment to the community make public all funding to community groups.

### CIVIC 2030

Have you read the Queens Civic Congress Platform\*, CIVIC 2030? Yes  No

Do you support CIVIC 2030? Yes  No

Yes, but with exceptions ✓ Please list: My only exception with CIVIC 2030 is that it should be revised every few years to accommodate the ongoing changes and growth of my community.
