QUEENS CIVIC CONGRESS OPPOSES WATER & SEWER TAX GOUGE

Statement to the NYC Water Board, Monday, April 27, 2009
by Corey Bearak, President, Queens Civic Congress

Thank you for this opportunity for Queens Civic Congress to oppose another unnecessary Water and Sewer tax gouge, 14% on top of the 14.5% we already endure this year. My name is Corey Bearak. I serve as President of this unique coalition that represents over 110 civic, cooperative, condo, tenant and other community associations throughout the borough of Queens. Our membership represents almost every community in the borough.

Last year I testified that New Yorkers already pay 500% more than they paid when the City introduced water metering; last year's 14.5% gouge and proposed 14% hike just exacerbate this unconscionable abdication of sound policymaking that led us to today's hearing. City Hall must demand the water board kill the proposed hike. City Hall must take the necessary initiatives to ensure the Water Board operates consistent with its mandate to provide safe water and clean disposal, and achieve this – as can be done – without gouging New Yorkers.

The past and current failure of City Halls past and present led the Queens Civic Congress to take the policy initiative. With Croton Watershed Clean Water Coalition, Queens Civic Congress already secured the support of the Queens Borough Board one week ago (Monday, April 20, 2009) and continues to reach out across the city to put forth a sound plan to hold the line on the skyrocketing water and sewers rates.

In these times, it becomes imperative to look to avoid these economy killing taxes. City Hall must change its current mindset that continues us on a path to pay more and we need that to change. I've attached to this testimony the 16-point [Resolution to Protect NYC Watersheds and Hold Down NYC Water Rates](#). The [presentation](#) may be viewed at http://queensciviccongress.org/Media/files/2009/2009-01-13_CWCWC_QCC_2009_Water_Rates_campaign.pdf. Also attached is a rate chart.

The resolution includes eliminating the rental payment, setting rates after city budget approval, federal aid for federal mandates, using city capital budget for projects, no use of water funds for unrelated expenses, more watershed land investment, no inappropriate gas drilling in the watershed and the use of modern “Membrane Filtration” instead of the antiquated system employed at the Van Cortland project. Thank you for your consideration and City Hall hear us!

Water and Sewer Rate Increases

Date/ FY	Meter change %	Sewer Charge %	Total Rate** Increase		Date/ FY	Meter change %	Sewer Charge %	Total Rate** Increase
1980		25%			1995	0%	159%	0%
1981		33%			1996	5%	159%	5%
1982		33%			1997	6.5%	159%	7%
1983		50%			1998	6.5%	159%	7%
1984		50%			1999	4%	159%	4%
