

Manhattan Borough President
Scott M. Stringer

Save Your Community Board

Community boards are currently slated to have their budgets cut by **\$35,000** which would lessen your community's voice in neighborhood planning matters.

Community Boards are the voice of the community - the way for everyone to participate in decisions for their community and to make the City work for them.

Join **Borough Presidents Stringer, Diaz, Markowitz, Marshall and Molinaro** the City's 59 community boards and community advocates to urge the *City Council* to fully restore **community board funding** for the coming fiscal year.
