

Queens Civic Congress highlights this North Bellerose Civic Association cleanup as another example of how the City benefits when it supports its volunteer neighborhood organizations. This post recognizes their July 6, 2009 cleanup of store gates and walls in the Lost Community Civic (Floral Park) area, Union Turnpike and 254 Street (North and South sides) and a sign removal at Hillside Avenue and 249th Street in Bellerose. Please note Queens Civic Congress policy prohibits any publication of the actual graffiti so please enjoy the clean views.
